ITE1008 – Open Source Programming
Digital Assignment – I
Fall Semester 2020 - 2021

Topic: Case Study on GitHub Version Control

GitHub is a code hosting platform for version control and collaboration. It lets you and others work together on projects from anywhere.

- Write down the step by step process of GitHub working methodology and different ways to access GitHub.
- Host your Personal Portfolio in GitHub and provide the screenshot of the project and version history.
- Write down the pros and cons of GitHub.
- List down the features needs to be added in GitHub.
- Compare the minimum of three version control applications.

Submission of Assignment:
- GitHub link must provide in the Assignment.

Note: Upload the digital assignment in VTOP before **October 16th, 2020**, else 0 marks will be awarded.
